Verse 1:

The past spoke chains of death
That held me there with fear
Can't say I felt love back
With beatings loud and clear

Verse 2:

You don't have a voice
You don't have a say
Just do the things you're told
Lies took hold that day
That day..... That day.....

Chorus 1:

Destruction chased me down
But I'm here for a reason
I found out who I am
We're all God's children

Verse 3:

Untrue accusations
Rumour robbed me each day
So I belonged to the mob
Consuming drugs my mainstay

Verse 4:

Trouble you found me good
Jail you gave me your time
Thinking 'bout making the change
For my kids, leaving the crime
Leaving the crime....
Leaving the crime....

Chorus 1:

Destruction chased me down
But I'm here for a reason
I found out who I am
We're all God's children

Chorus 2:

Let hatred leave me bare
Forgiveness heals my hurts
Duty, responsibility
God's love breaks the curse

Bridge:

Operate from freedom
No longer need to control
See myself how Father does
Eternal life grips my soul....

Theme x4: He grips my soul....

Chorus 1x2:

Chorus 2x2:

Theme x4: He grips my soul....
