Through years of partying hard
Immoral living, disaster
Sold myself to lies, I stole
Abuse, violence, my master oh

Collision, murder came stalking me
My unsound mind suffered threat
But the Light spoke through death's door
"I'm not finished with you yet." Ohhhh

In the public hall
Atmosphere reformed
The preacher was followed by song
So sick of my life
Holy fire prayed in
My heart beat was reborn

Realised I'd been running from
A past of illicit dependence
Rage, jealousy, had put me away
But my kids needed attendance oh

Arson, smuggling have forsaken me
Now I've learned to bless the haters
Forgiveness then authority
Walking with my Creator, Ohhhh

Goodbye old life
I'm listening to God
His Word in me alive
Oh He's healing me
With His purity
He renews my mind, Ohhhh

Speaking my life
Experience Him
Purpose in truth
Some take it in
Community
I'm giving it back
I'm a work in progress
I'm ok with that...Ohhhh

I'm listening to God
His Word in me alive
